Art Unit: 1612

Claims 1-33, 37-41 are presented for examination.

The amendments and remarks filed on May 29, 2008 have been received and entered.

Claims 1-33 and 37-41 are rejected under 35 U.S.C. 103 (a) as being unpatentable over WO 98/34644 for the reasons set forth on pages 2-5 of the office action of November 21, 2008.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant alleges criticality to the two step method. The allegation is not well taken. The prior art clearly teaches the use of a photosensitizing agent with a light to reduce or prevent inflammation in injured or pre-injured tissues. The prior art also recognizes the inflammation can be induced as a result of PDT therapy. The prior art uses a low dose light being absorbed by a photosensitizing agent to treat inflammation caused by the normal dose photodynamic therapy. The two step treatment does not create a patentably distinct use, given the teachings of the prior art that low dose light absorbed by photosensitizing can be used for the treatment of inflammation in injured or pre-injured tissues. It is expected that the treatment is usually done after the injury has occurred or expected to happen. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 1-33 and 37-41 are properly rejected under 35 U.S.C. 103 (a).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1612

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
